

Christopher Brooks

Senior IAM Engineer & Product Owner · Identity Governance Specialist

CB.ChrisBrooks7@gmail.com | 740-817-4342 | linkedin.com/in/christopher-brooks-93a774123 | Chardon, OH (Remote)

PROFESSIONAL SUMMARY

Identity and Access Management professional with 15+ years of experience spanning IT administration, data governance, and IAM product ownership at enterprise scale. Proven track record maturing IAM programs at organizations including JP Morgan and Netwrix — automating identity lifecycle workflows, reducing compliance risk, and delivering access governance products adopted by 20+ enterprise customers. Adept at bridging technical implementation and business stakeholder needs across hybrid cloud and on-premises environments.

CORE COMPETENCIES

- Identity & Access Management (IAM)
- Single Sign-On (SSO) & MFA
- Privileged Identity Management (PIM/PAM)
- SAML / OAuth / OpenID Connect / LDAP
- Identity Lifecycle Management (JML)
- ServiceNow / FreshService
- Agile / Scrum / Kanban
- Microsoft Entra ID / Azure AD / Active Directory
- Role-Based Access Control (RBAC)
- SailPoint / Okta
- PowerShell Automation
- Conditional Access Policies
- SOX Compliance & Access Auditing
- SQL & Data Analytics

PROFESSIONAL EXPERIENCE

Senior Product Manager – IAM & Data Governance

JP Morgan · October 2025 – Present

- Built real-time dashboards tracking provisioning health, access anomalies, and lifecycle completion rates — metrics framework adopted across 3 product lines, improving audit readiness by ~40%
- Translated compliance requirements into automated access certification workflows, reducing manual access review effort by ~30% and strengthening SOX audit trail completeness
- Conducted gap analysis and competitive benchmarking to align cross-functional roadmap across engineering, compliance, and leadership — accelerating 2 high-priority security features to production
- Leveraged SQL analytics to surface provisioning delays and orphaned account patterns, informing 4 product decisions and improving user access accuracy

Product Owner / Manager – Governance & Reporting

Netwrix Corporation · March 2020 – August 2025

- Owned full product backlog and roadmap for governance and reporting; delivered automated governance reporting product reducing manual cycles by 50%+ for enterprise customers
- Defined HRIS integration requirements for joiner/mover/leaver automation, enabling fully automated onboarding and offboarding across multiple enterprise accounts
- Shipped RBAC enforcement and access certification features aligned to SOX — helped customers reduce overprovisioned accounts by an average of 35%
- Drove SAML, OAuth, and OpenID Connect SSO integration features adopted by 20+ enterprise customers, reducing authentication friction and improving security posture
- Launched access audit reporting module that became a top-cited feature in customer renewal conversations

Technical Support Specialist – IAM Platforms

Netwrix Corporation · May 2018 – March 2020

- Resolved escalated IAM configuration and SaaS integration issues; tested Azure and AWS instances and escalated critical defects with detailed reproduction steps
- Developed internal documentation for common IAM configuration patterns, reducing average resolution time for repeat issues

IT Administrator

York Risk Services · March 2017 – May 2018

- Built operational dashboards and managed secure data pipelines between legacy systems and BI platforms — delivered compliance updates ahead of schedule

Business Analyst / Communications Specialist

Ascena Retail Group & Nokia · 2010 – 2017

- Built reporting tools for user activity, compliance tracking, and project performance monitoring across multiple business units and executive audiences

CERTIFICATIONS

- CompTIA Security+ — Earned February 2025
- Microsoft SC-300 (Identity and Access Administrator) — In Progress
